

Anti – Bullying

Anti-bullying

Children need their own time and space. It is not always appropriate to expect a child to share and it is important to acknowledge children's feelings and to help them understand how others might be feeling.

Children must be encouraged to recognise that bullying, fighting, hurting and discriminatory comments are not acceptable behaviour. We want children to recognise that certain actions are right and that others are wrong.

Bullying takes many forms. It can be physical, verbal or emotional, but it is always a repeated behaviour that makes other people feel uncomfortable or threatened.

Any form of bullying is unacceptable and will be dealt with immediately. At our nursery, staff follow the procedure below to enable them to deal with challenging behaviour:

- Staff are encouraged to ensure that all children feel safe, happy and secure
- Staff are encouraged to recognise that active physical aggression in the early years is part of the child's development and that it should be channelled in a positive way
- Children need to be helped to understand that using aggression to get things is inappropriate and they will be encouraged to resolve problems in other ways
- Our staff are encouraged to adopt a policy of intervention when they think a child is being bullied, however mild or harmless it may seem
- Staff are ready to initiate games and activities with children, when they feel play has become aggressive, both indoors or out
- Any instance of bullying will be discussed fully with the parent/carer(s) of all involved, to look for a consistent resolution to the behaviour
- If any parent has a concern about their child, a member of staff will be available to discuss those concerns. It is only through co-operation that we can ensure our children feel confident and secure in their environment, both at home and in the nursery
- All concerns will be treated in the strictest confidence.

By positively promoting good behaviour, valuing co-operation and a caring attitude we hope to ensure that children will develop as responsible members of society.
