

Our Opening statement

Everything we do and hope to achieve at Clare House is based on understanding, trust and respect for the individual. This principle dictates how we treat each child, parent, carer and member of staff regardless of their position, personal background or circumstances. We seek to embrace the diversity that we are blessed with in our wider community.

We will assist anyone who requires additional support in order to enable them to achieve their full potential; we do this by tuning into the child's individual interests and learning styles and adapting our practice and environments accordingly. We will set attainable goals for all the children, helping them achieve using a personalised curriculum whilst letting them develop according to their own personalities and learning styles.

Each member of our community has the right to feel valued in their role. We will listen to all points of view and give a voice to those who cannot speak for themselves through knowledge of the individual and careful observation.

Everyone will be responded to constructively as a base for the continuing improvement of the care & education we provide.
